High-efficiency (MERV 10) pleated media filter

Attaches easily to existing heating or cooling systems

WARRANTY

5-year limited warranty on covered components.

CLEANER AIR FOR A HEALTHIER HOME

If you're concerned about dust accumulating in your home, the Lennox Healthy Climate® High-Efficiency Media Air Cleaner can help. It improves the air you breathe by trapping even the smallest of particles and bioaerosols—irritants that most standard filtration systems simply can't stop. And the longer it's used, the dirtier it gets, the more efficient it becomes.*

The High-Efficiency Media Air Cleaner easily attaches to your existing heating or cooling system. No electrical service is required, and maintenance is simply a matter of changing the disposable filter. To increase air purification, combine the High-Efficiency Media Air Cleaner with a Healthy Climate Germicidal Light.

HC PMAC-12C/20C High-Efficiency Media Air Cleaner

- ◆ High-efficiency MERV 10 collapsible filter
- ◆ Metal door with foam insulation
- ◆ Filter has enhanced UV light resistance preventing degradation
- ◆ Increased cabinet bonding for prevention of air leaks
- ◆ Cabinet-housed, 6" filter
- ◆ Removes circulated dust and other particles ranging in size down to .3 micron
- ◆ Removes bioaerosols ranging in size down to .3 micron
- ◆ PMAC filters replace Aprilaire/Spaceguard 2400 (401) and 2200 (201) filters respectively

*The system's filter will eventually need to be replaced so that it doesn't affect the efficiency of your HVAC system.
